

alleviates asthma

AfricaConnect2 and ENSTINET enable scientists at the National Authority for Remote Sensing and Space Sciences (NARSS) to monitor and predict sandstorms, assisting Egyptian authorities in issuing timely alerts to asthma sufferers.

AfricaConnect2 supports the development of high-capacity internet networks for research and education across Africa.

This poster is produced as part of the AfricaConnect2 project which receives funding from the European Union under Grant Contract DCI-PANAF/2015/362-307. Its contents are the sole responsibility of GÉANT and do not necessarily reflect the views of the European Union.
